WEBINAR

Adopting AI Responsibly, Ethically, and Effectively

September 13th, 12-1PM ET

Join us in a thoughtful discussion of how plaintiff law firms can adopt AI tools responsibly, ethically, and effectively. We'll discuss writing Responsible AI Use Policies, best practices for rolling out technology to your whole firm, and much more!

Amanda Farahany

Managing Partner
Barrett & Farahany

**Jay
Madheswaran**

CEO and Co-Founder
Eve Legal

Barrett & Farahany has partnered with Eve to transform into an AI-native law firm, accelerating the growth and innovation of its plaintiff law practice. This collaboration will infuse AI into Barrett & Farahany's everyday operations, driving significant impact and efficiency for its business.

"AI has transitioned from a futuristic concept to a present-day necessity," said Amanda Farahany, Managing Partner, Barrett & Farahany. "Adopting this technology is imperative for fulfilling our mission of delivering justice at work, thereby enabling us to maximize client outcomes."

Barrett & Farahany is on a mission to transform its firm, using AI to augment key firm processes in and beyond legal casework. Eve has been instrumental in providing the firm with a broad solution to supplement legal work and has opened the door to business growth and transformation. You can find more news about the partnership at **PR Newswire**, **LawFuel**, and **Law.com**.

HOW DOES BARRETT & FARAHANY USE AI?

Currently, the firm uses AI to augment key firm processes in and beyond legal casework. Eve has been instrumental in providing the firm with a broad solution

to supplement legal work and has opened the door to business growth and transformation. Even in the first few months of usage, the firm is noticing drastic improvements in organizational efficiency and attorney happiness, leading to:

- Efficient Resource Allocation
- Increased Productivity
- Reduced Discovery Time

WHAT TO EXPECT AT THE WEBINAR

On September 13, 2024, from 12 PM to 1 PM ET, Barrett Farahany and Eve Legal will discuss the responsible use policies meant to make sure that the technology is used responsibly concerning those in the workplace.

When asked about the potential results of using AI at the law firm, Barrett & Farahany's founder and Managing Partner, Amanda Farahany, said, "I don't see AI replacing people in law, but I see it allowing lawyers to spend more of their time doing the work that's the important part and letting a computer do what it can do. It's more about leveraging people."

To learn more about how Barrett & Farahany use AI, check out the webinar on September 13, 2024.
